

**FRIDAY
OCT 20 IS**

GREEN  **DAY**

Wear Green to Save the Botanical Gardens

Wear green this Friday if you believe in Government's Sustainable Development initiative.

Wear green this Friday if you support the building of a new hospital that does not impact open space.

Wear green this Friday if you want to save the Botanical Gardens and believe that building a new hospital in our Gardens, or other open space, is **NOT** in the best interest of Bermuda.

Think green. Act green.

Wear green this Friday: shirt, pants, dress, shoes, socks, scarf, hat, belt – it all works.

Join the virtual march. Check it out at www.savethegardens.com

Come out and celebrate the gardens on **November 19th** – watch this space for details.

*“The world is not ours, the
earth is not ours, it is a
treasure we hold in trust
for future generations.”*

African proverb
